Where is Crook?

The great political clam is always open for any political offices.

The reception to Governor Zulick this evening promises to be a grand affair.

The DAILY TOMBSTONE is the best advertising medium in the territory.

Funny how we get water. Oh no, plenty of ice in town, and yet we are not cold. What do you say Clark?

With twenty stamps dropping in Tombstone and the mills and smelters on the river running at full blast and the different mines in this camp hoisting out the ore Tombstone will be again the boss of them all.

Wonder whether times are not just a corky now for Gov. Zulick to enter upon the duties of governor as they were when ex-Governor Tritle entered upon his duties. What do you think Mr. Journalist?

It is amusing to see the different democratic papers craving for the good will of Governor Zulick, while a few weeks ago they were abusing him.

John Patrick x clam is pretty far sighted, knowing that he is politically dead in the republican party, he is now toadying to the democratic governor, having in view the position of commissioner of immigration, now so ably filled by Patrick Hamilton. But should the governor nominate him the next legislature whether democratic or republican would not confirm him, so he had better cast his covetous eyes in some other direction.

TELEGRAPHIC

Religious Reading.

BOSTON, Oct. 17.

The second day session of the annual meeting of the American Board of commissioners of foreign missions opened with a very large attendance. Rev. E. K. Alden, D. D., read the report of the work of the home department. Rev. N. G. Clark, D. D., senior foreign secretary, read a review of the past twenty-five years. Secretary Smith read a paper on "The Future Work of the American Board." Dr. Strong read one on "Missions Literature at Home and Abroad." Rev. J. H. Miller, of Japan, presented a letter addressed to the American Board by the pastors of thirty-one native congregational churches in Japan, thanking the board for their generous efforts in their behalf. Col. S. C. Armstrong of Hampton, son of a former missionary at the Sandwich Islands, presented the salvation of the children of missionaries and made a plea for the endowment of the home for missionaries' children at Amherst.

For The Championship.

CHICAGO, Oct. 17.

The first of the series of games between the Chicago, champion club of the National league, and the St. Louis champion of the American association, for the championship of United States, was played this afternoon, resulting in a tie in eight innings, though the Chicagoans would doubtless have won if the next as they had just begun play when the game was called. Previous to the game throwing and running contests were held. Williamson, of the Chicagoans, threw the ball 152 yards, 1 ft. and 1 in., defeating five others. Pfister also of the same club, ran the bases 157 seconds defeating five contestants. The Chicagoans, the visitors to bat and tied with them. The runs were made as follows for the visitors: Comiskey got a base on errors and scored on two other errors in the second. In the fourth O'Neil, Robinson, Latham and Carethers got runs off of two base hits and three errors that ended their work. The Chicagoans got in a run in the fourth off a single and two errors, Kelly scoring. In the eighth Gore got his base on balls, and scored off of singles by Kelly and Anson. Pfeiffer followed with a home run, which tied the game. The umpire called game on account of darkness. The two clubs go to St. Louis, Cincinnati, Baltimore, Pittsburgh Philadelphia & Brooklyn. Score St. Louis 5, Chicago 5.

A Chairman Wanted.

BOSTON, Oct. 17.

It was reported yesterday from Washington that the position of chairman of the United States civil service commission had been offered to Col. Charles R. Codman, of Massachusetts. Being asked as to the truth of the report, Colonel Codman today said, "I have had a conversation with the President on the subject and have given him what I consider a sufficient reason why he should not offer the position to me. The president has not made the offer and probably never will make it."

Fall Meeting.

BALTIMORE, Oct. 17.

The opening day of the fall meeting of the Maryland Jockey club was quite successful, though the track was in miserable condition. The following were the winners: Ponticow, Drop, East Lynne, Col. Sprague and Bourke Cochran.

Money Held for Debt.

WASHINGTON, Oct. 17.

The act of congress providing for the taking of semi decennial census in the states and territories authorized the secretary of the interior to pay half of the cost of the census where the returns were filed with the department before Sept. 1st. Under the terms of that act the territory of Dakota and state of Colorado took the census and presented their accounts, amounting to \$35,506 in the case of Dakota, and \$20,673 in the case of Colorado. Cer-

tificates for the amounts were made out by the interior department, but upon the presenting at the treasury department they were cancelled for the reasons below given by the first controller to Hon. L. Q. C. Lamar, Secretary of the interior:

Sir: The explanation of the cancelled certificates of this office, in the accounts of the territory of Dakota and the state of Colorado for expense of the semi-decennial census of 1885, transmitted to your department by the register of the treasury, have to state that both the territory and state are indebted to the United States on account of the direct tax of August 5, 1881, in the sum of \$32,241.33 and \$21,528.44 respectively. In accordance with the decision of this office, in such cases of indebtedness of direct taxes it has been directed that a sum equal in amount to that due be withheld until further action is taken. In the case of the territory of Dakota, \$32,163 certified to be due has been directed to be paid, and in the case of the state of Colorado no amount has been directed to be paid as the state's indebtedness is in excess of the sum certified to be due.

"Malta," as a "popular ailment," has given place to a new potentate.

If you have rheumatism now, the medical students exclaim—"Take Acid!"

If you have frequent headaches, they safely remark—"Take Acid!"

If you have softening of the brain, they insist that it be "Take Acid."

If you have Neuralgia, take Acid.

If your skin breaks out in boils and pimples, take Acid.

If you have dandruff, feelings, backache, lithiasis, bladder troubles, gout, gravel, neuralgia; are ill using, then use Acid.

If you have deafness, vertigo, or insanity—take Acid!

If you have dropsy, take Acid.

If you have diarrhoea, take Acid.

If you have dysentery, take Acid.

If you have dyspepsia, take Acid.

If you have flatulence, take Acid.

If you have fits, take Acid.
